

Bio of Mr Parthiban Jaikumar

Head – Mining, Resources and Energy (South Asia)

Mr Parthiban Jaikumar joined Trade and Investment Queensland (TIQ) in December 2019. He previously worked in Rio Tinto for 19 years in various roles as Health, Safety and Environmental specialist. Parthiban has a total experience in mining industry for 27 years and has a great working relationship and networking across Indian mining spectrum and clients in Queensland.

Since joining TIQ, Parthiban is leading Mining, Resources and Energy sector and this his first position in an international trade office. In the current role Parthiban's expertise lies in providing Queensland METS companies to support and facilitate their business initiatives in India for soft landing. He has a strong relationship and networking in the Indian mining industry to draw inward investment into Queensland.

Parthiban holds a degree in Bachelor of Administration, Cert IV diploma in Occupational Health and Safety from Australia and Health and Safety international diploma through NEBOSH, UK.
